## WELCOME LITTLE MINDS TO YOUR FIRST YEAR IN THE BIG SCHOOL

### Grade 1

Ms Chihozhwa  
Grade 1 A

Mrs Kamusono  
Grade 1 B

Ms Mngomezulu  
Grade 1 C

Dear Parents,

In the Foundation Phase, Grade 1 has three classes. Teachers, who have vast experience in teaching Foundation Phase, teach these classes.

Grade 1 is taught in English as the language of instruction. Learners are taught in a safe, exciting and clean environment that is constructive and stimulative to effective learning.

From a sport perspective we offer soccer, table tennis, netball and volleyball as our main sporting activities. Seasonal sports include athletics, bulletjie rugby, chess and action cricket to name a few.

Our primary school takes busses to the municipal sports grounds every Wednesday for their sports training.

The school takes part in KFC Mini Cricket and Bulletjie Rugby tournaments and it is played at a competitive level.

The learners also attend academic clubs that enhance their academic capabilities such as the Maths and Robotics club.

The Grade 1 department provides learners with an adventurous, exciting and a safe environment allowing learners to excel in every aspect of their lives. Our kids just started their Lego Robotics journey and we would love for you to join us next year in Grade 1!

Our learners enjoy going on excursions every term!

Respectfully Yours

Ms Chihozhwa, Mrs Kamusono and Ms Mngomezulu

## Grade 1

Hello young ones, are you ready to join us in Grade 1!

We are the Grade 1 Teachers and we are so happy to hear that we might be your Grade 1 teachers next year. We hope that you will be joining our classes. We are super excited that you are starting this journey with us. In Grade 1 we learn a lot and we also have a lot of fun. We believe it is so important that we balance our day with fun activities as we know we learn best when we are happy.

Every morning when we get to class, we greet each other with a smile. We always start our day with prayer for God to guide and protect us. Afterwards we talk about what day it is, the weather outside and we even sing a song about it. It's very exciting and always great fun.

I am sure you can already count and say your alphabet. If not don't worry, we will get you up to speed quickly. We will teach you a lot of fun things in Mathematics. You will become great with numbers, as you will even learn how to count backwards. You will learn how to add and how to take away from numbers. In Grade 1 you will learn how to count your change when you buy from the tuck shop (by the way we have a great tuck shop and it's nice and close to your new class 😊.)

At 10:15 every day you get to go to the play area and have some fun time. At break time you get to eat your food and play on the jungle gym. You will love it. And if you forgot to pack lunch, we are sure you will find something special at the tuck shop.

Sometimes after break you will go to the Afrikaans lesson and you will enjoy learning a new language, you can even teach your parents what you have learned for the day at school.

We also get to teach you how to read and write. Very soon you will be able to write your mum a letter. You will also be able to read your bed time story book on your own.

In Grade 1 you will get to play rugby and cricket. You will also do athletics against other schools.

We are very excited and are looking forward to having lots of fun, learning and experiencing new things with you throughout the year!

We cannot wait to meet you.  
Your soon to be teachers.
