WELCOME TO GRADE TWO. WHERE EVERYTHING IS DOUBLE THE FUN!!

Grade 2

Grade 2A Teacher
Mrs V Bepete

Grade 2B Teacher
Mrs JS Chirima

Grade 2 C Teacher
Ms M. Madhara

Dear Parent

There are two Grade 2 classes. Work done in both these classes are planned together and learners do the same things on any given day. Homework is received every Monday for the whole week.

Assessments are done on a continuous basis. An assessment plan is followed which guides the educators through the term.

Remedial classes for Maths, English and Afrikaans take place on Mondays to Wednesday. Weekly spelling and mental maths are done every Fridays.

Grade 2's received a set of Usborne Young reading series reading books. Each class manages its readers. Learners take the books home for a week to read, after which they return in order to get a new one. The reading programme brings a fantastic improvement in how the learners read, and in their general level of vocabulary.

Grade 2 learners are also involved in extracurricular activities;

- Aerobics
- Spelling bee
- Chess
- Knitting and Sewing
- Mini Cricket

Learners also go on school excursions every term.

All primary school learners are transported to the sports grounds for sport every week.

Our kids just started their Lego Robotics journey and we would love for you to join us next year in Grade 2!!

Respectfully Yours

Mrs V Bepete, Mrs JS Chirima and Ms Madhara

Grade 2

Hello young learner! Are you ready to join us in Grade 2!

We are so happy to hear that we might be your grade 2 teacher next year!

We are super excited that you are starting this journey with us, in Grade 2 we learn a lot but we also have a lot of fun.

We believe it is important that we balance our day with fun activities as we know we learn best when we are having fun.

Sports

At SA College we want you to have a healthy mind in a healthy body so we also have various sports activities. On Wednesdays, we go for sports at the Tshwane Municipality grounds. We do a lot of activities which include but is not limited to soccer, netball, mini cricket, bulletjie and table tennis. You will enjoy going on outings to play against other schools and make new friends as we are entered in the mini cricket and bulletjie rugby leagues. We also have indoor games like chess, table tennis and aerobics and have recently added volleyball.

Excursions

We are also sure you need and would enjoy some time out of class and yet still experience some learning. You will learn by seeing when you go out on excursions from every term. This is very exciting and something to look forward to.

We plan our school trips so that you can have fun as well as complement and extend your knowledge of some topics covered in class. Yes, we know some of you think milk comes from the supermarket but we will take you to farms in and around Pretoria where you will see and even experience how to milk a cow. We also go to the zoo, fun parks, museums and many other exciting places.

We hope that you will enjoy your time here as SA College Private School. Our learners have also started their Robotics Journey. We are going to see great things from and for our learners.

We are very excited and we are looking forward to having lots of fun and learning and experiencing new things with you throughout the year!

We cannot wait to meet you.
Your soon to be teachers.
