WELCOME TO FANTASTIC FOUR!!!!

Grade 4

Grade 4 A Teacher
Ms Mosweu

Grade 4 B Teacher
Mrs E. Joubert

Grade 4 C
Ms Martins

Dear Parent

We have three Grade 4 classes. These fantastic teachers have vast experience in developing and teaching in the Intermediate Phase.

The Academics of a Grade 4 learner is a very critical as this is the stage where the learner will be progressing from Foundation Phase to Intermediate Phase. The teachers make sure that every learner is comfortable and gets all the help they will need to adjust. There are 6 subjects and all the subjects are done according to the CAPS requirements. The subjects are English, Afrikaans, Mathematics, Natural Science & Technology, Social Science and Life Skills.

There is great interaction between teacher and child as well as with the parent. Homework is given on a daily basis. As teachers, we always encourage our parents to be involved in a learner's schoolwork. We also have remedial classes for all learners. We provide dates to parents regarding projects and other school related issues.

Sports & Clubs

Learners are encouraged to be involved in different clubs in activities, and encourage learners to try new sports and activities. We offer KFC Cricket, Bulletjie Rugby, soccer, netball, chess, knitting and sewing, choir, spelling bee, and Maths club. Our learners also take part in educational competitions for Maths and Science in their respective clubs.

Our primary school takes busses to the municipal sports grounds every Wednesday and our high school get transport every Monday and Wednesday for their sports training.

Excursions & Concert

Every term we go on educational excursions. We hold our annual concert in the 4th term. In this concert, every learner is involved; every learner plays an important role.

Respectfully Yours

Ms Mosweu, Mrs E Joubert and Ms Martins

Grade 4

Hello there! Are you ready for Grade 4!

We are so happy to hear that we might be your Grade 4 teacher next year ☺.

I am super excited that you will be joining me in Grade 4 the intermediate phase for the first time. We are going to learn many new things in all our subjects. We are also going to have lots of fun along the way.

In Grade 4 you will be moving from foundation phase to the intermediate phase. You will now be doing six subjects instead of the four that you were doing in Grade 3. It is not only the subjects that will change, the activities will also change. You will be doing a lot more exciting activities. There are different clubs for you to choose from.

Sports

From a sport perspective we offer soccer, table tennis, netball and volleyball as our main sporting activities. Seasonal sports include athletics, rugby, chess and action cricket to name a few.

Our primary school takes busses to the municipal sports grounds every Wednesday and our high school get transport every Monday and Wednesday for their sports training.

We offer is table tennis, library, computer club and we also have remedial classes for different subjects so you will get adequate assistance in everything. How good is your spelling? If you are struggling you can join the spelling bee club. It is great fun.

We also have more exciting clubs like the science club, debate and public speaking, poetry, drama, knitting and sewing. We promise that your week will be filled with lots of excitement.

We know that you will enjoy your time here as SA College Private School.

We are very excited and we are looking forward to having lots of fun and learning and experiencing new things with you throughout the year!

We cannot wait to meet you.
Your soon to be teacher.
